

Mark Alexander Baranowski Memorial Fund

Vision Statement: *It is the vision of the “Mark Alexander Baranowski Memorial Fund” to ensure the highest level of medical, scientific, and personal support to the children and families of patients of the Children’s Hospital of Philadelphia, Cardiac Care Center.*

Mission Statement: *The “Mark Alexander Baranowski Memorial Fund” is organized exclusively for charitable, scientific, and educational purposes. More specifically, the purpose of the Mark Alexander Baranowski Memorial Fund is to carry on the life and memory of a true family man and trusted loyal friend. To celebrate life the way Al would have wanted us to; with family, good friends and laughter. To keep alive the respect and support he showed for the Children’s Hospital of Philadelphia and the children for whom he showed great compassion toward and cared so much for. And to bring a smile to a child’s face as he often did as with every life he touched.*

Our Committee consists of very dedicated and hard working family and friends of Alex: Sheila Baranowski, Mary Kay Fehl, Andrew Hoffman, Lindsay Smith, Brent Zeiders, Maura Biko, Casey Fehl, Ashley Taylor, Danny Fuhrman, and Tiff Trea.
